BLENNERHASSETT AND BURR

Former Vice President of the United States Aaron Burr enlisted the aid of Harman Blennerhassett in his ill-fated scheme to colonize the South West in 1806. The failure of Burr's plans led to Blennerhassett's financial ruination and the destruction of the mansion he had constructed on his island home in the Ohio River. Histories of the Burr Conspiracy, Harman Blennerhassett, and Blennerhassett Island are listed in this section.
